## 3D Systems Debuts Latest Bits From Bytes™ Color 3D Printer

- Affordable, Intuitive Personal Printers  
For Professionals and Consumers Alike -

**ROCK HILL, South Carolina, September 26, 2011** – 3D Systems Corporation (NYSE:DDD) announced today the immediate availability of its latest [Bits from Bytes™](#) 3D printer: the [3DTouch™](#). Starting at \$3,900, the 3DTouch™ is the most affordable color 3D printer in its category and will be on display at TCT Live 2011 from September 27th-29th, 2011 at the NEC in Birmingham, UK, in stand number H11.

The [3DTouch™](#) is packed with new features including multiple print heads for greater color and material choices, a new intuitive touchscreen for enhanced user experience and USB storage. This innovative 3D printer is easy to set up, simple to operate and capable of printing multiple materials and delivering more complex print geometries.

“The [3DTouch™](#), makes personal manufacturing much easier,” said Andy McLaren, Director of Sales and Marketing, BFB™ Products, [3D Systems](#). “Enhanced printability together with a better tablet-like user experience and USB storage makes the 3DTouch™ easy to operate and economical to own. Every new BFB™ 3D printer we bring to market underscores our commitment to democratize access and accelerate adoption of our 3D content-to-print solutions for the benefit of professionals and consumers alike.”

## **About 3D Systems Corporation**

3D Systems is a leading provider of 3D content-to-print solutions including 3D printers, print materials and on-demand custom parts services for professionals and consumers alike. The company also provides creative content development, design productivity tools and curation services and downloads. Its expertly integrated solutions replace, displace and complement traditional methods and reduce the time and cost of designing new products by printing real parts directly from digital input. These solutions are used to rapidly design, communicate, prototype and produce functional parts, empowering its customers to create with confidence.

More information on the company is available at [www.3DSystems.com](http://www.3DSystems.com).
